- > SEO and content strategy
- > Team leadership
- > Landing page optimization

◆ Experience

Assistant Manager - Growth Marketing

Inspiria Knowledge Campus | Apr 2026 - Present

- Lead paid acquisition, analytics, CRM, funnel optimization and marketing automation for admissions growth.
- Manage Google Search, YouTube and Meta campaigns; use GA4, GTM and Microsoft Clarity to connect media performance with website and funnel behaviour.
- Designed a Google Ads + HubSpot reporting pipeline that completes core reporting in 5-10 minutes and saves ~8 hours/week.
- Coordinate a 7+ member marketing team with sales, admissions and CRM stakeholders on lead quality, routing and outcomes.

Performance Marketer - Team Lead

Inspiria Knowledge Campus | Feb 2025 - Mar 2026

- Owned campaign structure, creatives, bidding, budgets, landing pages, tracking and optimization across Google Search, YouTube and Meta.
- Rebuilt GTM and GA4 tracking with CRM mapping; created course-level campaigns, remarketing audiences and lead-form filters.

Digital Marketing Specialist

Aarav Infotech India Pvt. Ltd. | Jun 2023 - Feb 2025

- Managed 17 concurrent paid media, SEO and social projects for domestic and international clients.
- Managed Google, Meta and Microsoft Ads; led SEO execution and implemented custom GTM tags, triggers and variables.

Digital Media Strategist

Ajeets Manpower | Oct 2022 - Mar 2023

- Generated 150+ monthly leads from Gulf and European markets through SEO and Google Ads.
- Achieved top-10 keyword rankings across six Gulf countries within six months.

◆ Experience Continued

Digital Marketing Executive

Finvolve Infotech Pvt. Ltd. | Jul 2020 - Sep 2022

- Managed 6 Google Ads and 12 Meta Ads campaigns for local and national clients.
- Supervised 2 digital marketing interns and handled 8 SEO and 2 social media optimization projects.

◆ Consulting & Automation

APPSeCONNECT - B2B SaaS Google Ads

Freelance consulting engagement

- Own paid-search strategy and execution within the Google Ads mandate: account structure, keyword intent, bidding, budgets, search queries and ad copy.
- Connected campaign reporting with sales feedback to improve ads, landing pages and lead quality.

Search Query Intelligence System

Google Ads automation project

- Built a human-governed AI workflow using Google Ads Scripts, GAQL, Google Sheets and ChatGPT for search-query analysis and approved actions.
- Passed 42/42 executor safety tests and 9/9 collector hardening tests; verified live execution and zero replay.

OurNest - Meta Ads Intelligence

Freelance automation project

- Integrated Meta Marketing API, Python, sales status data and Google Sheets to evaluate lead quality beyond CPL.
- Reduced recurring analysis from ~2 hours to ~45 minutes/day (62.5%).

◆ Earlier Experience

Senior Executive - Issue Resolution

BlackBuck (Zinka Logistics) | Jun 2018 - Apr 2020

- Resolved escalated issues through root-cause analysis, SQL data retrieval and cross-team coordination.

Customer Service Executive

The Inspireez IT Solutions | Dec 2014 - Apr 2018

- Generated 25-29 leads/day through outbound UK campaigns; promoted to the data locator group within the first year.
